TABLE OF CONTENTS, VOLUME EIGHT

No. 1 January-March 1979

Agaricus in North America: type studies, ALICE E. H. FREEMAN..... 1
Agaricus in the southeastern United States, ALICE E. H. FREEMAN... 50
New and interesting dematiaceous hyphomycetes from Florida, B. J. DYKO & B. C. SUTTON..... 119
Phialea granigena, an older name for *Gloeotinia temulenta*, TROND SCHUMACHER..... 125
Myxomycetes from Ecuador, M. L. FARR, U. ELIASSON & K. P. DUMONT.. 127
Contribution to the study of lichens from Kivu (Zaïre), Rwanda and Burundi. III. *Vezdaea*, a new genus for Africa, EMMANUËL SERUSIAUX..... 135
Notes on hyphomycetes.
XXVI. *Uncispora harroldii* gen. et sp. nov., ROBERT C. SINCLAIR & G. MORGAN-JONES..... 140
XXVII. *Mycogone psilocybina*, a new mycoparasitic species, G. MORGAN-JONES & DENNIS J. GRAY..... 144
XXVIII. *Veronaea bambusae* sp. nov., G. MORGAN-JONES..... 149
XXIX. *Obstipispora chewaclensis* gen. et sp. nov., ROBERT C. SINCLAIR & G. MORGAN-JONES..... 152
Ajellomyces and its synonym *Emmonsiella*, MICHAEL R. McGINNIS & BARRY KATZ..... 157
The genus *Pseudogymnoascus*, G. F. ORR..... 165
A new species of *Amanita*, DAVID T. JENKINS..... 174
A new *Amanita* from Florida, DAVID T. JENKINS & JOANNE VINOPAL..... 177
Anamorph and teleomorph: terms for organs of reproduction rather than karyological phases, L. K. WERESUB & G. L. HENNEBERT..... 181
Type studies in the genus *Peziza*. V. Species described by Rehm, DONALD H. PFISTER..... 187
A new species of *Stigmina* on *Beaucarnea* (Liliaceae), F. G. POLLACK & D. F. FARR..... 193
The xanthochroic reaction in Aphyllophorales, ERAST PARMASTO & ILMI PARMASTO..... 201
Etude sur les champignons parasites du sud-est asiatique. 34. Un nouveau genre, *Cylindrocladiopsis* (Moniliacée), provoquant une maladie de taches foliares du *Lagerstroemia* en Malaisie, JO-MIN YEN..... 233
Notice: Third International Mycological Congress..... 238
Contribution to the lichen flora of Argentina XI. Lichens from Cabo San Antonio, Buenos Aires Province, HECTOR S. OSORIO & FELICIA R. D'ESPOSITO..... 239
The genus *Coprinus* in western North America, Part II: section *Lanatuli*, FRED VAN DE BOGART..... 243
Corynascella inquinata, a new cleistothecial ascomycete from sewage sludge, SHUN-ICHI UDAGAWA & SEIICHI UEDA..... 292
Glomus gerdemannii sp. nov., SHARON ROSE, BARBARA A. DANIELS & JAMES M. TRAPPE..... 297
Periconiella verrucosa sp. nov. (dematiaceous hyphomycetes) from Douglas Fir wood, ELWIN L. STEWART & MALCOLM CORDEN..... 302
Lectotypification of *Physconia*, a generic name based on a misnamed type species — a new solution to an old problem, ERIK GUNNERBECK & ROLAND MOBERG..... 307
Revue des Livres, G. L. HENNEBERT..... 318

Paul R. MILLER & Hazel L. POLLARD; M. V. WIESE; CAPITAL SYSTEMS GROUP, INC.; Georges A. LAFUENTE; Marcel V. LOCQUIN; Olle PERSSON

& H. K. PRINT; Hans BURCKHARDT; SCHWEIZER PILZTAFELN; Hans HAAS & Heinz SCHREMPP; Hans HAAS; Francisco de Diego CALONGE

No. 2 April-June 1979

Calonectria and its type species, *C. daldiniana*, a later synonym of *C. pyrochroa*, AMY Y. ROSSMAN..... 321
The species problem in the *Psathyrella candolleana* complex, M. C. GALLAND, R. F. O. KEMP & M. K. JURAND..... 329
Type studies in the genus *Peziza*.
VI. Species described by C. H. Peck, DONALD H. PFISTER..... 333
VII. Miscellaneous species described by M. J. Berkeley and M. A. Curtis, DONALD H. PFISTER..... 339
Entrophospora, a new genus in the Endogonaceae, R. N. AMES & R. W. SCHNEIDER..... 347
Type studies: some *Cortinarius* and *Tricholoma* species described by Charles Horton Peck, JOSEPH F. AMMIRATI & CLARK L. OVREBO.... 353
Studies on the Dimargaritaceae (Mucorales) II. A new *Dispira* parasitic on ascomycetous hosts, P. C. MISRA & KANCHAN LATA..... 372
Apophysomyces, a new genus of the Mucorales, P. C. MISRA, K. J. SRIVASTAVA & KANCHAN LATA..... 377
An orthographic correction, LIBERO AJELLO & ARVIND A. PADHYE..... 383
Mycoflora Saximontanensis Exsiccata
Centum XVI, W. G. SOLHEIM..... 385
Centum XVII, W. G. SOLHEIM & GEORGE B. CUMMINS..... 395
Notes on hyphomycetes.
XXX. On three species of *Idriella*, G. MORGAN-JONES..... 402
XXXI. *Chaetopsina auburnensis* sp. nov., G. MORGAN-JONES..... 411
Foliicolous ascomycetes: 3. The stalked capnodiaceous species, DON R. REYNOLDS..... 417
Studies on the Lepiotaceae of the Pacific Coast region. I. Two new species, HELEN V. SMITH & WALTER J. SUNDBERG..... 446
Notes on *Collybia*. I. *Collybia alkalivirens*, ROY E. HALLING..... 453
Recolte de *Cordyceps intermedia* dans les Pyrénées Atlantiques, espèce nouvelle pour l'Europe, FRANÇOISE CANDOUSSAU..... 459
Clathrus ruber in California and worldwide distributional records, WILLIAM R. BURK..... 463
Pisolithus tinctorius, a pavement breaker in southern California, WILLIAM R. BURK & GEORGE F. LUPONE..... 469
Acaulospora bireticulata sp. nov., FREDERICK M. ROTHWELL & JAMES M. TRAPPE..... 471
First authenticated North American record of *Monilinia fructigena*, with notes on related species, LEKH R. BATRA..... 476
A preliminary account of the taxa described in *Calonectria*, AMY Y. ROSSMAN..... 485
New combinations in *Rhizoplaca* for endemic American species of *Lecanora* Auctt., WILLIAM A. WEBER..... 559
Revue des Livres, G. L. HENNEBERT..... 561

SOCIEDAD DE CIENCIAS NATURALES AZARANDI; Orson K. MILLER

Author INDEX..... 562
MYCOTAXON publication dates, 7(3) and 8(1)..... 563
Errata, volumes 7 and 8..... 564
Reviewers..... 564
INDEX to Fungous and Lichen Taxa..... 565
Colored plate..... *facing page* 464
